Velkommen

My name is Liv Lilly Nordbye and I started this family history web the 19th of January 2013 for me and my dear husband Halvor Eino Rundberget and our dear children Ola, Annika and Peder Nordbye Rundberget.

First about my husband Halvor Eino Rundbergets family.

Halvor Eino has family in Grue, Åsnes, Våler Finnskog and Sødra Finnskog, Sverige

Halvor Einos father Bjorns relatives in the Rundberget family are mapped by help of my mother in law, Sally Rundberget, born Skasberget. She made a family history book with others for the Rundberget family in 1996, with relatives mapped back to Lars Kagnes from Åsnes, Hedmark, born in 1627 and the first farmer in Rundberget in 1758, Per Eliasson from Rosentorp in Orsa, Sweden. My mapping connections with others and the Grue book has brought me to the roots of Peder Larsen Räisänen, the first Finnish imigrant to Norway early in the 16th century. His grandson Ole Thomassen Räisänen (Ola) is 6xtip oldfather to Bjørn, my father in law, through Bjørns grandoldmother Kristianne Rundberget.

Halvor Einos mother Sallys relatives from Grue Finskog in Hedmark is fairly described in the "Grue Finskog bosetning" and the "Grue book". I have also mapped them with help of the "Riksarkivet". Einos tip-granddad Syver Matthiassen was son of Matthias Olsen, born 1800 from Bratlien farm in Kilen, Åsnes. His father was Ole Mathiesen and his father in law Ole Kristensen born in 1760. Syver moved suddenly to Sødra Viggen in Nyskoga, Vermland, Sweden. His son Ole Syversen married Elisabet Pålsdotter from Sødra Finskog. Her parents was Pål Olssen from Norway and Kajsa Johannesdotter from Sweden. They are also related to the first imigrants from Finland. Ole and Elisabeths daughter Signe married Øivin Arthur Henriksen Skasberg.

Øivin Arthur Henriksen Skasbergs father was Henrik (Heiki) Pedersen Storberget, born 1876 and his mother was Julie from Tysketorpet. Henriks father was Peder Henriksen, born. 1823, and his father again was Henrik Paulsen and mother Marie Andersdatter, Tysketorpet. Also Øivin has roots to Peder Larsen Räisänen, the first Finnish imigrant in south Norway in the early 1600. Peder Larsen Räisänens granddaughter named Annika, who was Ole Thomassens sister, was born in Pekkola in Grue Finnskog in 1664. She married Steffen Steffenson from Vestre Vålberget. He was son of another early Finnish immigrant, Steffen Mullikka. Annika Thomasdaughter Mullikka is my mother i law´s 6xtip oldmother through her grandmother Julie from Tysketorpets family.

Now about my family, first my mothers family.

My family from TROMSØ. VADSØ. ALTA. TRØNDELAG. AND OS.

My mother Lillemor, born Oddbjørg Magdalena Svendsås from Tromsø, wrote a family story book in 1993. The family tree is now here in MyHeritage. Here is my grandgranddad water and fire-master in Tromsø Ole Olsen Svindsaas and grandgrandmother Alette from Vadsø. Here are cousins and uncles in Tromsø, i.e. dear Kirsten, and Elin and Bente. Here are also the families Blokkum, Rønningsbakk and Sandvik with farmers on Nordmøre and Tingvoll, back to 1673, my dear 3.rd cousin in Nordmøre, Aslaug Norunn and lot of emigrant to America.

I have found my mothers grandfather Sigfred Leonard Hansens relatives long back to Ingeborg Henriksdatter C non, born in 1595, probably a priest daughter with her own monogram, the Lanstad salmebook-maker and the adel family Benkestokk and Schanke. Here are Georg Joris and Robert Kalten (Cotton) from England and Ole Sevaldsen from Stiklestad and Verdal, and Solberg from Steinkjer in Trøndelag. Actually, many of my Troms relatives came from Trøndelag and sone from Finmark.

In The sarkofag at Rosendahl, two of Schanke direct relatives lies. There are also direct connections to the first King of Norway, Harald Halvdanson Hårfagre from the 800 century and Ynglingeætta from Sweden and White Russia and also connections to the king of England Edvard I and Philip of France.

MY FAMILY IN HADELAND LAND. RENA. ENGERDAL. IDRE. DALARNA. DRAMMEN. SANDE AND HAMAR

My childrens grandfather was Finn Erik Nordbye, Flisa.

I have found out some family history about my father Finn-Eriks mother, grandmother Lilly Olsen from Drammen, daughter of saylor and timber master Martin Olsen from Sande and Johanna Matilda Helgren from Arvet, Ore, Mora in Dalarna in Sweden. Martins father was stone-worker Ole P. Madsen from Vang at Hamar and mother widow Jørgine Kristensdatter from Sande. They lived in Bekkebaraken, Svelvik. Martin and Johanna lived in their own house in Peder Buchs street nr. 27 in Drammen until my grandmother had to move to her sister Jenny Didrichsen in Hamar after her mother suddenly died of a stroke in 1909. It was in Hamar she met Ragnvald, my grandfather, economist at Hamar iron-industry and violin and piano musician, dirigent of an violin orchestra. Lilly had also the brother Marinius and the sister Helma in Hamar, grandmother to my dear 2. cousin Randi Rød, Elisabeth and Håkon. In Mjøndalen she had her sister Inga, married to Reinhardt Olsen, with daughters on her own age, Nancy, Ruth, Astrid and Ester, and their brothers Reidar and Engelhardt. Her sister Emma went to America. She was grandmother to Rick and Ellen, my 2. cousins and Richs daughter Casey, who visited us so kindly in Norway the summer 2011, in August.

My father Finn-Eriks grand father railway-service worker Engebredt Antonsen Nordbye at Hamar came from Åsen Søndre of Nordbye at Nordbye-tangen at Jevnaker at Randsfjorden and was son of timber master Olaus Anton Petersen by the Nordbytangen. His father and my tip-tip grandfather taylor and farmer Peter Nilsen was son of Clas Henrich Erich and Catarina

Sopfia Wendt, both reated to Hadeland glassverk. In fact, I have mapped my grandfather Ragnvalds father relatives back to 1627, the first German glass blowers from Hamburg who came to Norway, the Erich and Wendt families. They came firstly to the famous "glass-hytte" at Nøstetangen, Buskerud and later to Jevnaker in Hadeland, Oppland. In this part of my family three I find my dear 2. cousin Monica with family from France (Nice)/Oslo(Briskeby). She is grand-child to my granduncle Adolf. I have found my 2. cousin Aud Thorvaldsen on Jevnaker and Tore in Røros, grandchild to grand aunt Betzy, m.fl.

I have also found my fathers grandmother and grandfathers mother Ingeborg Mikkelsdotter from Lillebo in Engerdal/Trysil, Hedmark, daughter of farmer and violin player and entertainer Mikkel Jonsen and her mother Beata Ersdotter from Jolesgården in Idre, Sweden. Her parents had also both Swedish and Norwegian roots. Some came from Negaard Nordset in Rendalen, back to the famous which-hunter -priest Jens Bundisøn in Åmot Rendalen born in 1606. His son in law, Simon Povelsen was also a root father to Sigrid Undset, the Nobel prize winner in literatur in 1928. He had roots from Høie in the 1500 scentury. He moved to Sweden with his Maren and 16 children, 2 of the daughters, Margrete and Maren, married two of the famous Jolesfarm sons in Idre, Sven and Embret. 27.11.2013 I was contacted of one of my relatives, Alf. Sven Eriksen about our common family.

My grad-grandmother Ingeborg from Engerdal, born 16. des. 1856 and her family from their family farm raised at Lillebo in Engerdal is described in 12 pages in the Engerdal local history book from 1875-1910. This was a dramatic story. All Ingeborgs brothers and sister emigrated. Elin to Sweden. Berit to USA and Jon to Canada. I have come into contact with some of jons, Elin and Berits relatives. Ingeborg had a post at Sørhuus in Trysil before she moved to Hamar together with Johanne Sørhuus before 1885. I have found my grand-grandmother in the riksarkivet both in 1900, 1910 and 1920 as Ingeborg Nordbye. She was The Windows of Engebret Antonsen Nordbye.

All the families has a lot of interesting history and emigrants to USA.
